### Curriculum Vitae

*"I am an interdisciplinary scientist with over twenty years of experience in environmental conservation and development. Through my work I have managed and developed projects/programmes, and researched, analysed and written on emerging topics such as environmental governance, financing conservation, climate change and biodiversity, forest restoration, and sustainability partnerships. My strengths include being analytical, solutions-oriented and creative. I possess strong planning and organizational skills and can work in English, French and Spanish."*

### EMPLOYMENT HISTORY

**Current (since 2004) - Consultant, Environment and Development**

- **Researching and writing** on various topics – e.g., human dimensions of restoration; tree-planting by Fortune 500 companies; governance and forest restoration; co-management of forests; environmental governance (and governance and restoration); values of protected areas; government expenditure on protected areas.
- **Reviewing, evaluating and lesson learning** - e.g. lesson learning on forest landscape restoration; reviews of the MAVA Foundation's operations and programme portfolio; reviewing and identifying opportunities for the future work of Ramsar's scientific and technical review panel.
- **Analysing** trends and recommending strategic interventions – e.g. contributing to an expert team for the CBD on financing needs for the Kunming-Montreal Global Biodiversity Framework; contributing to the post-2015 development agenda by supporting the UNDP/UNEP "World We Want" initiative; analysing Parties' implementation of the Convention on Long-Range Transboundary Air Pollution and its Protocols.
- **Capacity building** – e.g. involved in IUFRO-led regional capacity building workshops on FLR; contributing to the production of guidance on FLR (IUFRO, ITTO); organized and supported group work on governance and restoration within the 87th UNEP/UNESCO/BMUV International [online] Short Course on Ecosystem restoration for Sustainable Development (coordinated by Dresden University); Contribution to the Yale online course on Tropical Forest Landscapes.
- **Proposal writing** for diverse donors (notably DFID, BMU, EC, GEF) - total raised since 2007: EUR 11 million.
- **Developing strategic plans; Managing projects/programmes; Editing technical reports; Facilitating meetings.**

#### Clients to date have included:

Association Internationale Forêts Méditerranéennes (AIFM); Convention on Biological Diversity (CBD); Forum for Corporate Sustainability Management at the IMD Business School (CSM/IMD); Equilibrium

Consultants; European Commission (EC); European Forest Institute (EFI); United Nations Food and Agriculture Organization (FAO); Deutsche Gesellschaft für Internationale Zusammenarbeit GmbH (GIZ); Dresden University; International Centre for Trade and Sustainable Development (ICTSD); International Union for the Conservation of Nature (IUCN); International Union of Forest Research Organizations (IUFRO); MAVIA Foundation; Oak Foundation; Ramsar Secretariat; Swiss Development Cooperation (SDC); TRAFFIC – the Wildlife Monitoring Centre; United Nations Development Programme (UNDP); United Nations Economic Commission for Europe (UNECE); UN Environment (UNEP); World Bank; WWF (Austria, DRC, France, Germany, Greece, Indonesia, International, Mediterranean Office); Yale University.

**1999-2004 - Manager, Forest Landscape Restoration Programme**  
**WWF International** (World Wide Fund for Nature), Gland, Switzerland  
*Forests for Life Programme*

Responsible for the overall coordination of a USD 1.5 million international programme on restoring forest landscapes for the benefit of people and biodiversity funded by the company Lafarge.

*Tasks included:*

- Building and consolidating WWF's global programme on forest restoration;
- Coordinating and providing support to the regional components of the initiative (based in field offices in Asia, Africa, Latin America and Europe);
- Identifying capacity building and training needs in the WWF offices world-wide relating to forest restoration;
- Analysis of relevant documentation/information;
- Networking and presenting the programme to varied audiences;
- Donor liaison and reporting;
- Fundraising;
- Identifying and disseminating lessons learnt;
- Representing WWF on issues related to forest restoration at international meetings.

**PROJECT PORTFOLIO COORDINATOR – WWF/WB ALLIANCE (AUGUST 1999 – JUNE 2001)**

- Managed the transition between two WWF Project Coordinators for a six-month period.
- Managed the budget for a USD 2.5 million WWF/World Bank Alliance project on forest conservation;
- Participated and contributed to the establishment of a capacity building section within the WWF/WB Alliance programme;
- Responsible for reporting to the WWF and World Bank members of the Steering group on the budget and its implications;

**1997-1999 - Regional coordinator**  
**United Nations Conference on Trade And Development (UNCTAD), Geneva, Switzerland**  
*New Financial Services*

- For nine countries in Latin America, identified, screened and contacted potential recipients (micro-banks) of a micro credit project;
- For a selection of candidates (about 45), developed closer ties and undertook a more thorough analysis of their development profile (clients, areas of investment etc);
- Compilation of financial and socio-economic data and elaboration of summary profiles;

- Elaborated various reports showing aggregated data for the Micro Finance Institutions and economic environment;
- Organized and participated in evaluation missions to Central America to assess partner institutions;
- Documented and kept updated the project methodology.

#### 1994-1996 - Project administrator

**WWF International** (World Wide Fund for Nature), Gland, Switzerland

*Europe/Middle East Programme*

- Evaluated management capacity and provided ongoing support to various field offices;
- Initiated and participated in the development of the Mediterranean sub-regional Programme (strategic definition, management capacity and organizational aspects);
- Wrote strategic background papers for the Programme;
- Developed financial and management information tools for the Programme;
- For 35-40 projects in the Mediterranean sub-region and on Europe-wide policy issues: acted as liaison person between the field and headquarters, prepared and/or reviewed reports to donors and administrated projects: project contracts, payments, cashflows, monitoring incoming reports.

#### 1992-1993 - Consultant/intern

**United Nations Conference on Trade And Development (UNCTAD)**, Geneva, Switzerland

*Special Programme for Trade Efficiency (SPTe)*

- Wrote project proposals for potential donors (governments and aid agencies);
- Identified and contacted non-governmental organizations worldwide involved in relevant activities.
- Wrote a daily press review containing summaries of relevant articles.

## EDUCATION AND QUALIFICATIONS

- Nov. 2017**     **DOCTORATE OF SCIENCE**  
**Geography**  
*Geneva University, Department of Geography and Environment*  
**Thesis:** "Tackling Governance Challenges of Forest Landscape Restoration"
- October 1996**     **MASTER OF SCIENCE**  
**Environmental Management**  
*University of London, Wye College External Programme, UK*  
**Dissertation:** "Sustainable Development: The Case for an Integrated Approach" -  
 Elaboration of a holistic, three-layered model incorporating social, economic and ecological factors.  
**Courses:** Environmental Economics, Environmental Science, Principles of Environmental Management, The Environment and the Social Sciences, Land Degradation and Sustainability, Project Planning, Monitoring and Evaluation.
- Sept. 1991**     **MASTER OF SCIENCE**  
**Cognitive Science**  
*Warwick University, Coventry, UK*

**Dissertation:** "Gender: A Clue to Different Cognitive Linguistic Processes in Adults and Children?"

**July 1990**     **BACHELOR OF ARTS** (honours)  
*Psychology and Computer Studies*  
Webster University, Bellevue, Switzerland

**June 1987**     **INTERNATIONAL BACCALAUREATE**  
*International School, Founex, Switzerland*

## OTHER

**MEMBERSHIPS:** **Society for Ecological Restoration (SER)** – board member (2020-2024)

**& AFFILIATIONS** **Audemars Watkins Foundation** – board member (2017-)

**International Union of Forest Research Organizations (IUFRO)** – Deputy coordinator of the Task Force on Transforming Forest Landscapes for Future Climates and Human Wellbeing (2019-2024)

**University of Geneva** – Associate researcher (2017-)

**University of Lausanne** – External Scientific Collaborator (2023-)

**IUCN Commission on Ecosystem Management (CEM)** - member

**IUCN Commission on Environmental, Economic and Social Policy (CEESP)** – member

**IUCN World Commission on Protected Areas (WCPA)** - Chair Task Force on Restoration and Protected and Conserved Areas

**LANGUAGES:**    **English** (fluent); **French** (fluent); **Spanish** (excellent); **Italian** (basic).

**Additional courses:** Marketing; Presentation skills; Media interview skills.
